

BUREAU VERITAS SOCIAL AND ENVIRONMENTAL ENGAGEMENT

Corporate Social Responsibility (CSR) is a strong commitment of Bureau Veritas. It complements our absolutes and our fundamental values.

CSR is embedded in our purpose and corresponds to our will to act in a responsible and sustainable way. Our mission and the nature of our services allow us to serve the society by reinforcing safety, improving quality and protecting the environment.

As a leader of our market sector we want to be exemplary. In 2019, five key actions were initiated to accelerate our CSR program. We have:

- Updated our fundamental values, with CSR at the heart of our priorities. It is the DNA which groups our employees,
- Accelerated our actions to be an inclusive and gender balanced company and published a new Inclusion policy applicable in all our organization,
- Continued our efforts to improve our employee safety. We have reinforced our manager safety leadership and our employee accountability. Safety remains one of our 3 absolutes.
- Accelerated our efforts for the environment, joining the French pledge for climate with more than 100 large companies,
- Mobilized our suppliers to align them with our values for ethic, safety, environment and human rights,
- Enlarged our service portfolio to better assist our clients in their CSR program.

Bureau Veritas remains mobilized with each of its employees to continue the improvement of its social and environmental impacts, notably through environmental protection, biodiversity conservation, defense of Human Rights, respect for ethics, health and safety.

We want Bureau Veritas to remain a model of company, responsible and committed towards the Society.

At Bureau Veritas, Corporate Social Responsibility is an integral part of our values.

Together, employees, clients and suppliers, let's be committed to our future, supporting the UN Sustainable Development Goals.
